Money is not everything but the piece and harmony. People marrying rich people most are suffering but they can't divorce bcoz of money. All is vanities. Let's sake for salvation first 🙏🙏🙏

Hahaha is very good this uneducated man is an idiot I know you as a carpenter during year 2000 Later we heard you are now a director of a cream called fatwi Keke, angel cream and angel tonic on 2004 then later I heard you are millionaire and I was impressed everyone who knows you was happy for you to know how a poor man like you in a small town mampong is now rich and famous

during your difficult times when you can't even feed your one wife and kids selling some local herbs bitters in plastic bag after the collapse of your carpentry business
it was your wife I mean one woman who stood by your side rain or sunshine this old woman was there by your side praying for God blessings in the family...

Why are you now a womaniser

Master kwaku this is the name you was called as a carpenter remember where you are coming from and appreciate your old wife because a woman who married a poor man that has nothing is a great and precious woman, don't be deceived by your money this slay queens will kill you do you think they love you huh? ?? ?

Where were these small girls when you had nothing with your wife where were they when you

I support Mr Kwaku Oteng for marring 4 wives ,as a man and you are rich enough to take care of more than 1wife so be it.

I have more money in my account and am preparing towards 2020 to marry 2 wives 🤔🤔🤔🤔

I am not happy cos Akua knew the man was married B4 she accepted his proposal. After all the man did for her? She shd not hv accepted the marriage in the 1st place cos pple are going to think she married the man bcas of money. Why did u do that, Akua? Becareful wai. U cld HV equally gotten a younger person with money...what is Ur problem now? JAH JAH

Kwaku oteng is note a wiseman because is extremely foolishness to marry even two women at this age. Why don't you reserve the available energy for one woman just to have your peace of mind. All these people get money for africa

It's illegal to marry more than one in Europe so how can Africans be wise when men don't respect women and women don't respect themselves. My lecturer said Africans marriage is a strict slavery.
